Retrofit Recessed Round Downlight. This attractive 6" or 8" contemporary downlight retrofit is the perfect fixture for replacing incandescent or CFL lamps in lighting general retail or commercial spaces. Utilizing 10 and 20 1W high power LEDs, these fixtures consume less than 15% energy comparing to traditional incandescent lamps. And with a rated life of 50,00 hours, these fixtures offer a maintenance free option compared to aluminium body and mounting, powder coated for an attractive and durable finish. Retrofit construction is designed to fit into most commercial lighting housings and ceilings.
